

Perspectives in Modern Analysis

International Conference in Honor of

Dov Aharonov, Samuel Krushkal, Simeon Reich, and Lawrence Zalcman

May 28-31, 2018, Holon

ANNOUNCEMENT

We are happy to announce the Conference "Perspectives in Modern Analysis" to be held in Holon Institute of Technology. The meeting will provide a forum for discussions and exchange of new ideas, perspectives and recent developments in the broad field of Modern Analysis. The topics to be addressed include (but not restricted to)

- ❖ Complex Analysis
- ❖ Harmonic Analysis and PDE
- ❖ Operator Theory and Nonlinear Analysis
- ❖ Quasiconformal Mappings and Geometry

Dov Aharonov

Samuel Krushkal

Simeon Reich

Lawrence Zalcman

The conference is organized by the Technion, Holon Institute of Technology, the Gelbart Research Institute for the Mathematical Sciences of Bar-Ilan University, the Galilee Research Center for Applied Mathematics of ORT Braude College of Engineering and ISAAC—International Society for Analysis, its Applications and Computation.

SCIENTIFIC COMMITTEE

M. Agranovsky, D. Bshouty,
M. Elin, A. Golberg,
D. Shoikhet, M. Sodin,
E. Yakubov, A. Zaslavsky

ORGANIZING COMMITTEE

R. Chaski, A. Golberg,
E. Kanzieper, M. Kroyter,
M. E. Luna-Elizarrarís,
D. Shoikhet
